A One Minute Guide

What is the Local Offer?

The Local Offer acts as a single platform which provides children and young people with special educational needs and/or disabilities, as well as their parents/carers, information about:

- Activities
- Information
- Support available in the area
- Organisations

It helps users to understand what services and support they can expect from a number of different agencies.

The local offer is organic, meaning it is been added to and developed all the time using feedback from children and young people with SEND and their parent carers.

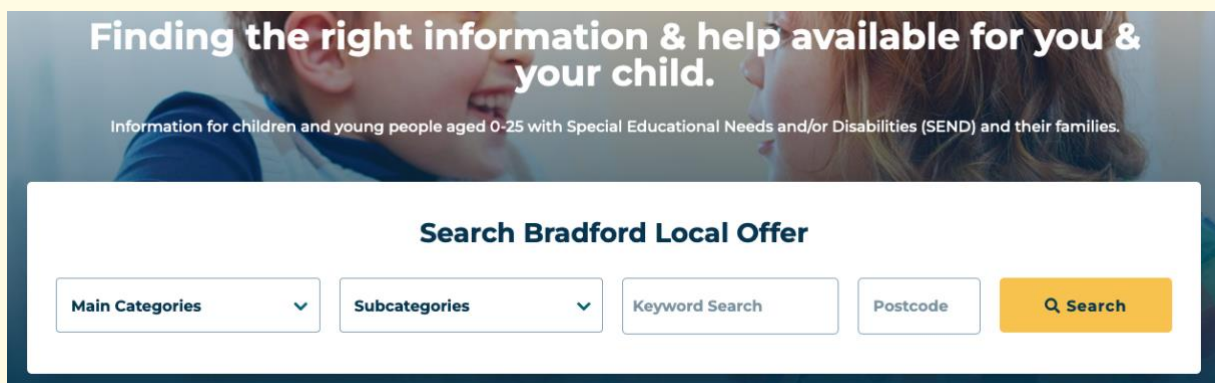

Please sign up to our LO newsletter for frequent updates, [here](#).

What is available on the Local Offer?

You can find out about SEND information and a range of services across education, health and social care including the voluntary, social enterprise and voluntary sector services.
