

Each EYFS setting is offered:

- An initial meeting to share information, meet the child, family and setting, before the child starts Learn and Play.
- Access to all Learn and Play training sessions provided to families.
- The opportunity to send a member of staff to every Learn and Play session, to gain hands on experience in our Nursery.
- Support in implementing Learn and Play recommendations within their setting.
- Observations and assessment from the Learn and Play sessions with the setting to inform children's progress.
- Information about the SCERTS framework and approach.
- Three extra SENCO training sessions.
- Receive a follow up visit during the term after the child has finished attending Learn and Play sessions.

The Learn and Play Offer

Learn and Play is a specialist early intervention for children aged 3-5, with communication and interaction difficulties.

City of Bradford MDC

www.bradford.gov.uk

The Learn and Play Learning Environment

- Learn and Play sessions will take place at a specialist self-contained provision.
- The Learn and Play team provides a warm and friendly environment for Learn and Play children, families and setting visitors to access support, information and learning.
- The Learn and Play team will work hard to facilitate collaborative working between families, settings and other professionals.
- Every child will access learning within a child centered, calm, purposeful and enabling environment.
- Every child will have a SCERTS assessment, and targets set through collaboration with parents.

Each session will:

- Provide a predictable routine and structure to reduce child anxiety and promote confidence.
- Follow individual children's lead, identify their strengths and interests and use these elements to facilitate learning and most importantly have fun!
- Offer rich play based learning, using stimulating resources and activities linked to the prime EYFS areas of learning and development (Communication and Language, Personal, Social and Emotional Skills and Physical Development).

Each Family will access:

- An initial meeting with a member of the Learn and Play Team at their child's setting.
- Learn and Play Welcome training.
- Two Learn and Play sessions (morning or afternoon) each week. Learn and Play sessions are term time only.
- Opportunities to engage in their child's learning, and celebrate their child's strengths and achievements.
- Information about their child's progress at Learn and Play.
- Time to talk and share experiences with other parents.
- Question and answer sessions with our Educational Psychologist, with a focus on the SEN Code of Practice and Education Health Care Plan.
- Communication and Autism session with a member of our Speech and Language Team.
- Training sessions on autism awareness, communication and interaction, sensory processing and behaviour.
- Aromatherapy and massage training sessions.
- Collaborative SCERTS assessment and target setting.
- Information about the SCERTS framework and approach.
- Practical Learn and Play recommendations to use within the home.
