

Bradford's Co-production cycle

INFORM

We will keep you informed of what is happening through things like: The Local Offer Website, the SEND Partnership Newsletter, Social Media, Engagement events, Bradford Council Website, Parent Forum events and in conversations with families.

DISCUSS

We will facilitate discussions with you through planned listening events, through feedback received via The Local Offer and through review meetings. This will enable us to understand each others views.

CONSULT

We will give opportunities for you to give us your views on specific matters via online surveys, face to face surveys, focussed listening events and taking feedback through our websites. We will explore concerns and take views into account when making decisions.

CO-PRODUCE

We will work together as equals on all aspects of service review and delivery to shape our services and ensure a collective responsibility across all parties.

SUCCESSFUL INVOLVEMENT CAN ONLY HAPPEN IF:

- Bradford Senior Leaders champion Co-production
- No jargon is used
- All participants are respected
- Meetings are not intimidating
- Meetings are structured
- Meetings are friendly, polite and welcoming
- Meetings are held at appropriate times and run to time
- Visuals and other aids are used to promote inclusion
