

Ask, Listen, Act - working together to inform the provision of SEND support for children after the COVID-19 pandemic.

Are you a professional who works with children with special educational needs and disabilities (SEND) in the UK?

- Do you work in schools, health or social care settings, within local authorities or developing policy for children with SEND?
- Can you help us identify what has worked well and what has been challenging for children with SEND in your service during the COVID-19 pandemic and what needs to be done to support children with SEND moving forward?

What will taking part involve?

- It will involve sharing your views in a short (10-15 minute) anonymous online survey.
- The link to the survey and more information link is below:-
